# Lit 1 Week 1 Study Group

## Across

4. The set of words for which students know the meanings when others speak or read aloud to them, or when they speak to others.

6. The smallest unit of speech that distinguishes one word from another

10. Awareness that the spoken language is composed of separate words that make up sentences and that words are made up of syllables.

11. Two consonant letters with one phoneme

12. A vowel sound that makes the /uh/ sound and transcribed when the sound happens in a 2 or more syllable word.

13. The /oi/ in boy and /ow/ in cloud

14. The beginning letter leading up to the vowel.

15. Refers to the ability of being able to manipulate the individual phonemes in a spoken word.

## Down

1. The sound of /tch/ in watch.

2. A phonics term for pairs of vowels that represent a single vowel sound.

3. The most central sound of a syllable.

5. Two or more consonants where you can hear both phonemes

7. A unit that starts with a vowel and any following consonants.

8. Phonographs or words that share the same rime

9. Letters that are not vowels.
