

Localisation of Function

Across

4. The theory is...
 9. What is Wernicke's area responsible for?
 10. Where are the language areas located?
 11. Where is Broca's area?
 13. Involved in visuals.
 14. Involved in sensory information.
 19. There are... in the brain functions.
 20. Contradictory evidence by...

21. Which cortex is in the parietal lobe?

Down

1. The outer layer of the brain.
 2. Involved in speech and learning.
 3. Supporting evidence by...
 5. The idea that different parts of the brain are responsible for different behaviours, processes and activities.
 6. What is Broca's area responsible for?

7. Involved in hearing and memory.

8. Which cortex is in the frontal lobe?
 12. Argues against localisation.
 15. Which cortex is in the temporal lobe?
 16. Where is Wernicke's area?
 17. Which cortex is in the occipital lobe?
 18. Research into localisation uses...
