# Love and Music

## Across

2. Generic name covering a variety of styles that have a loud and insistent beat
6. Greek term defining actions of the spirit or soul including love for another's mind
7. Major subgenre of hip-hop in which rhyming lyrics are half-sung, half-spoken rapidly
8. The orderly progression of sound-wave frequencies, from low to high
9. Arrangement of tones in a definite sequence that constitutes a unity

10. The way society defines the rights and responsibilities of each sex, especially within marriage

## Down

1. Originally a reference to the right of the husband, but not the wife
3. A desire to be with the other person for sake of that person, not for the satisfaction of personal desires
4. The traditional family unit of father, mother, and children
5. Two or more tones, congenial or otherwise, sounded or sung at the same time
