

Lymphatic System

Across

2. Types of Lymphocytes
3. Types of Lymphatic Cells
4. Which direction lets the lymph flow away from lymph nodes?
8. Type of Lymphatic Cells
9. What is the special type of lymph in the GI Tract?
12. T-Lymphocyte that kills abnormal cells by secreting substances that break down the cell's membrane
13. Type of Lymphatic Cells

14. Which direction makes the lymph flow toward the nodes?

15. Types of Lymphocytes

16. Site of B-Lymphocyte maturation

17. T-Lymphocyte that orchestrates an effective immune response

Down

1. T-Lymphocyte that helps "turn off" the immune response once it has been activated.

5. What are the closed-ended tubes receiving lymph?

6. Type of Lymphocytes

7. T-Lymphocyte that patrols body after an attack

10. What screens lymph for foreign antigens and initiates the immune response?

11. What is the site for T-lymphocyte maturation?
