# Marx, Marxism and Socialism

## Across

**8.** It means the economy that determines much else in the society.

**9.** There are two consequences to entrepreneurs scaling back their production because people can't afford the products. One of the consequences is the increasing \_\_\_\_\_ of the working class as wages decline and more and more workers are unemployed.

**10.** A key component of this aspect of Marxist theory is \_\_\_\_\_ materialism.

## Down

**1.** In Paris, Marx met \_\_\_\_\_, a German born Manchester industrialist...

**2.** in "The Communist Manifesto", Marx and Engels invoke the bastions of conservatism and the old order in Europe-- the \_\_\_\_\_

**3.** After the failure of the 1848 revolutions, Marx offered a vision that was realistic and hardheaded, not idealistic and \_\_\_\_\_.

**4.** The secret society also wanted the establishment of a new society without classes and without \_\_\_\_\_.

**5.** The secret society's aim was "the \_\_\_\_\_ of the old bourgeoisie society based on class antagonisms..."

**6.** Marx's later work, however, was more historical and systematic, and attempted to create a \_\_\_\_\_ of history and economics.

**7.** In 1847, Marx and Engels joined a secret society called the \_\_\_\_\_ League...
