

Name: _____ Date: _____ Period: _____

Muscle Fibers

Across

- 4. Thin muscle filament on a muscle fiber?
- 8. Bands that are made of myosin filaments?
- 9. What is the other tubular network that activates muscle contraction?
- 10. What is the tubular network that serves much like the sarcoplasmic reticulum?

Down

- 1. What are the muscle cells called on a muscle fiber?
- 2. Bands that are made of actin filaments?
- 3. The light and dark shades associated with muscle cells?
- 5. What is formed by the striations of muscle cells?
- 6. Thick muscle filament?
- 7. What part of the muscle fiber is connective tissue that separates and surrounds each muscle?
