

Name: _____

Date: _____

Newton

Across

3. Resistance against object

5. Object will stay or in motion

9. What m stands for $F=ma$

10. Force measured in units

11. Law of rest and motion continually

13. What Newton created 3

14. Law of action and reaction

15. Created Laws of motion

Down

1. When an object moves

2. Force = mass * _

4. For every action there is an _ but equal reaction

6. To slow down

7. Law of more, more force

8. Force that makes all objects come down

12. Balanced forces are when forces on both sides are the _
