

Name: _____

Date: _____

Population Dynamics

Across

- 3. The maximum population size
- 6. Live long lives, mature slowly, stay at carrying capacity are example of
- 8. Organisms moving out of an area
- 10. Population grow
- 11. Having to 2 types of limiting factors

Down

- 1. A larger number of individuals is added to the population in each generation

- 2. Short life span, small in size, and reproduce rapidly are examples of
- 4. A group of individuals of the same species living in a particular place
- 5. Populations decreasing
- 7. Food, water, shelter, sunlight, nutrients and space are example of what that living things need in order survive?
- 9. The Carrying Capacity population curve, increases and decreasing
