

Name: _____

Printmaking Vocab

Across

2. The impression of a print created in the printmaking process to understand the progress of the plate an artist is working on.

7. The rolling device used to spread ink onto the plate.

8. A form of printmaking in which only the raised areas of the block are printed.

10. Most common type of printmaking surface.

Down

1. The total number of identical prints (copies) made from one image.

3. The tool used for carving away the negative shape in your design. It comes with a variety of different blades.

4. The surface on which the image is prepared. It can be wood, stone, linoleum or a variety of other materials including cardboard.

5. A circular tool used to transfer ink onto the paper by friction.

6. A process in which an artist repeatedly transfers an original image from one prepared surface to another.

9. When you lift the sheet of paper from the printing plate or block, revealing the image you've created.
