

Prison Analysis

Across

- 2. prisoners can leave for a few hours unattended for special reasons ex. community work, family or medical such as rehab, funeral etc
- 3. imprisonment, withdraws freedom
- 4. serving sentence in the community under close supervision. violations to get this punishment such as not appearing in court or paying fines
- 10. decided punishment for an offender. ex if you refuse to pay bills you might have to serve this in the community
- 11. new prisoner (slang) "look at that _____ looks so lost 😞"
- 14. correctional facility assigned to those serving 2 years minus 1 day maximum
- 16. serving sentence at different times, not all at once, if the offender has a job or family responsibilities ex. serving weekends for 15 weeks to complete 30 day sentence

Word Bank

- victim impact statement
- suspension of privilege
- retribution
- consecutive
- probation
- mitigating factors
- suspended sentence

17. an excuse from a crime and legal consequences ex. if someone is later found not guilty, they would be given a _____

19. a prisoner must serve the first sentence before serving the second

20. a court order where a privilege is revoked temporarily. ex. if you are caught driving without your license you could have it taken for a period of time

21. victims or victims family describing loss or harm done by the offence ex. assigned to physiotherapy for a few months due to a car crash and never having any time to do work

Down

1. helping offenders to reintegrate to society and teach how to be a functioning member. When this is done effectively, it lowers recidivism rates

5. all sentences served at the same time. if you have multiple offences, oftentimes the judge will decide you should serve all at once. if someone killed 3 people at 30 years per murder offence, you'll probably just serve 30

6. evaluation of offenders mental history, often provides evidence or influences what may be considered a mitigating factor

7. extenuating circumstance when determining severity of crime ex. the man killed him out of self defence

8. confinement or penalty for crimes. the goal is not to rehabilitate

9. seek restoration for ones wrong doing.

12. when a judge delays the timing of offenders serving of a sentence for a period of probation

13. a place controlled under the federal government and minimum sentence of two years ex. if you're to serve three years in prison this is where you go

15. punishment for wrong doing focuses more on retaliation rather than restoration ex. eye for an eye

18. criminals who reoffend after being released. Very high rates in places that reinforce punishment
