

Renewable energy

Across

1. what animals often die from windmills
4. what energy does a windmill produce
6. what energy uses flowing water
9. what energy uses the sun
10. what type of energy is coal

Down

2. what energy comes from steam and hot rocks
3. where can solar panels be used effectively
5. what is a disadvantage of solar energy
7. does biomass energy use recycled materials
8. what type of energy is solar
