

Name: _____

Revisioin For Science

Across

- 2.** Does copper react?
- 3.** Is Zinc reactive than Iron?
- 5.** Does the metal react with its own metal?
- 8.** What is the method that involve Carbon pinching the Oxide to purify the metal?
- 10.** What is a balanced equation?
- 11.** Why does Plane,Cars and train use plantinium or steel to make the machines?

Down

- 1.** Why does gold was made for jewellery?
- 4.** What always come out of a reaction between metal and acid?
- 6.** Any metal that is reactive than Carbon can in be use in thermal Decomposition
- 7.** What are creamics classified?
- 9.** What is the highest metal in the reactivity series?
