

# SCIENCE

## Across

- 3.** A force between two surfaces  
**4.** A material that lets electricity flow through it.  
**6.** opposite to repel  
**8.** A piece of equipment that measures how quickly charge is flowing around a circuit.

**11.** A source of electrical energy.

**12.** The flow of charges around a circuit.

**13.** opposite to attract

**14.** something such as a bulb

## Down

**1.** A material that does not let electricity flow through it.

**2.** way of drawing circuits

**5.** another word for a cell

**7.** loop that charges can flow around.

**9.** particle with a negative electric charge.

**10.** can be positive or negative.
