

Science Appetizer Project

Across

- 2. Result of a force distributed on an area.
- 7. A state where matter has a definite shape and volume.
- 8. Absorbing energy
- 10. Gas to liquid
- 11. Liquid to gas

Down

- 1. Solid to gas

- 3. Releases energy

- 4. Liquid to gas at the boiling point.

- 5. A state where matter has a definite volume but not shape.

- 6. Gas to solid

- 9. A state of where matter doesn't have a definite shape or volume.
