

Science Vocab

Across

5. Neuron that picks up stimuli

7. Column of nerve tissue

9. space between axon and next structure

12. In skull

13. What cell carries messages

14. Brain and spinal cord

15. Message carried by neuron

16. Problem solving

Down

1. Treadlike extension that carries messages to cell

2. Neuron that sends impulse to a muscle

3. balance

4. Neuron that carries impulse from neuron to neuron

6. automatic response

8. involuntary

10. Treadlike extension of a neuron

11. Everything except brain and spinal cord
