SickKids Ethics Definitions

Across

3. The expansion of international trade to a point where national markets have been overtaken by regional trade blocs, leading eventually to a global marketplace

7. The actions of an organization that are targeted toward achieving a social benefit over and above maximizing profits for its shareholders and meeting all its legal obligations

9. A situation in which there is no obvious right or wrong decision, but rather a right or right answer

11. Values, beliefs, and norms that all the employees of an organization share

12. The key functional inputs that an organization provides in the transformation of raw materials into delivered products or services

13. The manner by which we try to live our lives according to a standard of "right" or "wrong" behavior

14. Actions that are taken out of duty and obligation to a purely moral ideal, rather than based on the needs of the situation, since the universal principles are seen to apply to everyone, everywhere, all the time

Down

1. Ethical choices that offer the greatest good for the greatest number of people

2. The system by which business corporations are directed and controlled

4. An employee who discovers corporate misconduct and chooses to bring it to the attention of others

5. Beliefs and behaviors that determine how a company's employees and management interact and handle outside business transactions

6. A gray area in which your ethical principles are defined by the traditions of your society, your personal opinions, and the circumstances of the present moment

8. A concept of living your life according to commitment to the achievement of a clear ideal

10. Whistle-blowing where an employee, upon discovering corporate misconduct, bringing it to the attention of his or her supervisor, who then follows established procedures to address the misconduct within the organization
