

Name: _____

Date: _____

Skeletal System Vocab

Across

3. dense, smooth and solid
7. honeycomb and needle-like
11. far end of bone
14. site of hematopoiesis
17. opening in the center of osteon
18. cavity of shaft
19. outside covering of the diaphysis

20. bone forming cell

Down

1. functional unit of compact bone
2. canal perpendicular to central canal
4. band of cartilage between the epiphysis and diaphysis
5. stores fat in medullary cavity
6. close end of bone

8. hardened cartilage after growth is done
9. bone destroying cell
10. mature bone cell
12. shaft made of compact bone
13. decreases friction at joint surfaces
15. cavities containing osteocytes
16. rings around central canal
