# Slope Sliding Lingo

## Across

2. Areas outside of the ski/snowboard resort boundaries ("out of bounds")  
 7. Novice trail on a resort  
 10. Colors and symbols used to explain ski/snowboard runs  
 12. Resort trails that have been packed down and flattened with resort machinery  
 14. Conveyor belt-style of lift used on beginner ski areas to get skiers/snowboarders back to the top of the hill  
 16. Difficult trail on a resort

17. A slope with a gradual decline, great for beginners to practice on

## Down

1. A series of chairs connected by cables and towers that take skiers and snowboards up the mountain to the top of the run  
 3. High on a mountain  
 4. Refers to the snow during or after a snowfall  
 5. A group of trained, experienced people who provide safety services at resorts

6. Intermediate trail on a resort

8. Device that attaches your boot to the ski or snowboard  
 9. Mounds or bumps of snow along the run  
 11. Area of trees spaced out enough for skiers and snowboarders to slide through  
 13. Trail or designated path on the side of a mountain for skiing/snowboarding  
 15. Digging the edge of the snowboard or ski into the snow in order to turn
