Spirituality and Grief

Across

6. A valuable approach of comforting and improving quality of life for someone with a complex illness

10. The occurrence of an unpredictable external event (ie: a car accident involving the loss of a leg)

11. The rejection by a friend is one interpretation of this

12. Emotions arising in response to a significant loss

13. Learning that life changes affect everyone and always involves this

16. Two things that play a vital role in a patient's adjustment to loss and death

17. A view characterized by establishing a helping role and a healing relationship

Down

1. A model for the care of terminally ill patients and their families at the end of life

2. A sense of authentically connecting to one's inner self

3. The belief that a force outside of and greater than the person exists beyond the material world

4. Something that can cause a person to question their identity and feel a loss of faith

5. The death of a family member is an example of...

7. Can be viewed as a forewarning, giving someone time to complete tasks related to an impending death

8. Providing respect and dignity in the preparation of a body after death

9. Not believing in the existence of God

14. Someone who discovers meaning in how they live because they find no ultimate meaning for the way things are

15. The substance of things hoped for, the evidence of things not seen
