

# Sprouting for Success

## Across

4. We are a beacon of progress, independence, and hope in the communities we serve

8. Staff will strive for a healthy work/life balance while being mindful that expectations need to be met and clients need to be serviced

9. Staff will take ownership of their environment while recognizing the value of safety for themselves and others

12. Staff will set specific, measurable, attainable, realistic goals to be met in a timely manner.

13. Staff will have a customer service mindset when communicating and interacting with others

## Down

1. Staff will recognize our commitment to the vulnerable population we serve with the utmost integrity.

2. Staff will embody the mindset of empathy, problem solving, and servitude when working with others.

3. Staff will remain forward thinking in regards to growth and innovation while viewing the needs of the company first

5. Staff will have ownership and accountability for all work produced.

6. Staff seek opportunities to contribute to projects and opportunities for the betterment of their department and the company as a whole

7. Skill Sprout will deliver comprehensive services to improve the quality of life for those we serve, expand community resources, and contribute to the advancement of clinical practice.

10. Staff will embody the Mission and Vision of Skill Sprout while finding their purpose to support it.

11. Staff will ensure those in their charge are supported, encouraged, and driven appropriately no matter their position
