# The Digestive System

## Across

2. the part of the alimentary canal that connects the throat to the stomach  
 5. the sharp bend between the ascending colon and the transverse colon  
 12. the first main part of the large intestine, which passes upward from the cecum on the right side of the abdomen  
 14. a large lobed glandular organ in the abdomen of vertebrates, involved in many metabolic processes  
 15. the first part of the small intestine  
 16. the opening in the lower part of the human face  
 17. the opening at the end of the alimentary canal through which solid waste matter leaves the body  
 18. the fleshy muscular organ in the mouth of a mammal, used for tasting, licking, and swallowing

19. the internal organ in which the major part of the digestion of food occurs  
 21. the small sac-shaped organ beneath the liver, in which bile is stored after secretion by the liver and before release into the intestine  
 22. a tube-shaped sac attached to and opening into the lower end of the large intestine in humans and some other mammals  
 24. the part of the intestine that runs between the stomach and the large intestine  
 25. any of various glands that discharge a fluid secretion and especially saliva into the mouth cavity

## Down

1. the bend in the large intestine in the left upper quadrant of the abdomen  
 3. the cecum, colon, and rectum collectively  
 4. the part of the large intestine that passes downward on the left side of the abdomen toward the rectum

6. the S-shaped last part of the large intestine, leading into the rectum  
 7. the middle part of the large intestine, passing across the abdomen from right to left below the stomach  
 8. the final section of the large intestine  
 9. the opening from the stomach into the duodenum  
 10. the most terminal part of the lower GI tract/large intestine, which lies between the anal verge  
 11. a pouch connected to the junction of the small and large intestines.  
 13. the part of the small intestine between the duodenum and ileum.  
 20. last part of the small intestine  
 23. a large gland behind the stomach that secretes digestive enzymes into the duodenum
