were so gallantly streaming the bombs bursting
Oer the ramparts
was still there
perilous fight
of the brave
by the dawns
through the
gave proof
yet wave
star spangled banner
through the night
and bright stars
And the rockets
that our flag
and the home
of the free
early Light
red glare
in air

Whose broad stripes
Oh say does that
at the twilights
What so proudly
last gleaming
Oer the land
we watcched
can You See
we hailed
Oh Say
