

# There Will Come Soft Rains

**Across**

- 4. In "There Will Come Soft Rains" mechanical mice darted out of here
- 6. the figures on the playing cards
- 7. In the story there was the sound like a great matted yellow hive of bees, the lazy bumble of a purring lion, and there was the patter of this African animal.
- 8. In the kitchen, was making breakfast at a \_\_\_\_ rate; insane
- 10. Used as a comparison to the tubes that fed into the cellar

**Down**

- 1. The hidden films clogged through the well oiled wheels with pointed designed to fit into the holes along the edges of a filmstrip, What were these wheels called?
- 2. The house quivered at each sound and drawn it's shades in protection which bordered on a mechanical what?
- 3. In the story, the lilac panthers were doing this in the crystal substance; means to be leaping about
- 5. On the nursery floor, above it, in the air butterflies of delicate red tissue wavered among the sharp aromas of animal droppings, what are these animal droppings called
- 9. The nursery floor was woven to resemble this; means grasses that produce grain
