

Name: _____

Things around the house

Across

4. The first of my kind were made in the 1970s. Now most households have one and warm up food in me.
6. You put your pots on pans on me. I can be powered by gas or electricity.
8. I am in the kitchen and you keep all sorts of crockery and glasses and pots and pans in me.
9. I help you make a nice cup of tea. You fill me with water and I warm it up.
10. You put oil in me and then you can prepare eggs, sausages, potatoes and more!

Down

1. I am in the kitchen. You put your dirty dishes in me and I clean them for you.
2. Lots of people don't like me. They groan at me and hit me early in the morning.
3. I am cold. Colder than cold! Whatever you put in me goes hard as stone.
5. I am used to make your clothes nice and smooth. I'm hot!
7. I hang in the living room or the bedroom. You can 'draw' me to keep the sun out or when it gets dark at night.
