# Transgenic Organisms

## Across

1. The most common alternative name for transgenic organisms

7. Canola oil is on the \_\_\_\_\_ list of foods, despite controversy

9. \_\_\_\_\_ chain reaction method is used to replicate the desired gene

10. A natural toxin and genetic modifications allow soybeans to be \_\_\_\_\_ resistant

11. Intermediary used to carry a foreign gene

12. GMOs can \_\_\_\_\_ human disease and aid in treatment

## Down

2. Genetic engineering is sometimes also called \_\_\_\_\_ DNA technology

3. \_\_\_\_\_ tumafaciens is a vector used to create GMOs, and a GMO itself

4. Genetic engineering works because DNA is \_\_\_\_\_

5. Method of shooting microprojectiles with a gene gun

6. Transgenic organisms have an \_\_\_\_\_ genetic structure

8. Scientist Herbert \_\_\_\_\_ of Stanford University
