| slope intercept form | system of equations | linear programming | linear inequality |
| :--- | :--- | :--- | :--- |
| linear expression | point-slope form | coordinate plane | linear equation |
| perpendicular | standard form | optimization | substitution |
| elimination | y-intercept | coefficient | constraint |
| inequality | graphical | undefined | quadrants |
| midpoint | distance | parallel | negative |
| positive | gradient | constant | variable |
| equation | inverse | origin | slope |
