

Unit 6 Genetics

Across

2. Principle that states that some alleles can be masked (hidden) by other alleles
3. Alternative forms of a gene
9. Likelihood that an event will happen
10. The expressed trait of an organism
12. These genotypes do not have identical alleles

13. This principle states that alleles separate when gametes form

14. an inherited characteristic

Down

1. a tool which is used to predict the possibility of a particular outcome.

4. Version of a gene which can be masked unless it is a homozygous genotype

5. passing of traits from parent to offspring

6. These genotypes have identical alleles

7. The genetic makeup of an organism

8. Considered the father of Genetics?

11. The study of genetics
