Unit XII vocab

Across

4. an eating disorder in which a person maintains a starvation diet despite being significantly underweight
5. disorders in which conscious awareness becomes separated (dissociated) from previous memories, thoughts, and feelings
8. false beliefs, often of persecution or grandeur, that may accompany psychotic disorders
13. fear or avoidance of situations, such as crowds or wide open places, where one has felt loss of control and panic
16. the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition; a widely used system for classifying psychological disorders.
17. intense fear of social situations, leading to avoidance of such
18. an anxiety disorder marked by a persistent, irrational fear and avoidance of a specific object, activity, or situation

19. an anxiety disorder in which a person is continually tense, apprehensive, and in a state of autonomic nervous system arousal
20. positive psychological changes as a result of struggling with extremely challenging circumstances and life crisis

Down

1. a disorder in which a person interprets normal physical sensations as symptoms of a disease
2. psychological disorder in which the symptoms take a somatic (bodily) form without apparent physical cause
3. a syndrome marked by a clinically significant disturbance in an individual's cognition, emotion regulation, or behavior
6. the concept that diseases, in this case psychological disorders, have physical causes that can be diagnosed, treated, and, in most cases, cured, often through treatment in a hospital.

7. Psychological disorders characterized by distressing, persistent anxiety or maladaptive behaviors that reduce anxiety.
9. compulsive fretting; overthinking about our problems and their causes
10. psychological disorders characterized by emotional extremes
11. a mood disorder marked by a hyperactive, wildly optimistic state
12. a psychological disorder in which a person loses contact with reality, experiencing irrational ideas and distorted perceptions
14. a disorder characterized by unwanted repetitive thoughts (obsessions) and/or actions (compulsions)
15. false sensory experience, such as seeing something in the absence of an external visual stimulus
