# What is Stock?

## Across

7. The amount of money that remains after subtracting the company's expenses from its revenue.

8. Common Stock: Shares of a company that do not guarantee a dividend and have more risk and volatility than preferred shares.

9. Part of a company's profits that it pays as money to stockholders

10. A company that is owned by a person, family, or small group of investors that does not sell shares of stock in the company to the public.

## Down

1. Preferred Stock: Shares of ownership of a company in which the shareholder is guaranteed a dividend if one is declared and whose shares are usually not as volatile as common stock.

2. A company that is owned by investors who buy shares of stock, partial ownership of the assets of a business, in the corporation usually through one of the stock exchanges.

3. Someone who risks funds by purchasing financial products with the hope the investments will increase in value over time.

4. A business that is owned by stockholders and has right and responsibilities as if it were a person.

5. The chance of losing all or part of an investment.

6. The initial sale of stock to the public by investment bankers.
