

Name: _____ Date: _____ Period: _____

Winds

Across

- 2.** A measure of cooling combining temperature and wind speed
3. Distance from the equator and is measured in degrees
10. Winds that blow from the horse latitudes toward the equator
11. Winds that blow over a short distance

- 12.** A local wind that blows from an ocean or lake
13. What you use to measure wind speed
14. Winds that blow away from the horse latitudes
15. The flow of air from land to a body of water

Down

- 1.** Calm areas where warm air rises

- 4.** Calm areas of falling air
5. Blow cold air away from the poles
6. The way Earth's rotation makes winds curve
7. Type of wind that occurs over a large area
8. Caused by differences in air pressure
9. Bands of high-speed winds above Earth's surface
