

Name: _____

Date: _____

biology stuff

Across

7. A&G are
(double ring)

8. bonds
between complementary
bases

11. the base that starts
with a C

12. what are DNA and
RNA polymers on

13. water has P.... M....

14. water molecules
stick together =

Down

1. water molecules
stick to surfaces =

2. DNA is an
.....
double helix

3. T&C are
.....
(single ring)

4. the base that starts
with a T

5. bonds
between adjacent

6. the base that starts
with an A

9. the base that starts
with a G

10. water has a
maximum density at
degrees
