Name: _____ Date: _____

types of engineers

Across
5. better batteries
6. safer tunnels
7. stronger plastics
8. easier ways to get oil
10. ultrasound
13. perservatives
16. artificial organs
17. software testing
19. vehicle blueprints
22. ways to stop pollution

23. blueprints
24. builds bridges
26. lighting
Down
1. safer boats
2. airplaines
3. robots
4. programming languages
9. ways to eliminate waste

11. safer z-ray equipment
12. newer software
14. routine engineering needs
15. safer railroads
18. complex electronic switching systems
20. power stations
21. Heating ventilation air conditioning ventilation
25. new computations
